SBOA knows of the issue and this will not be repeated in the future. A second to Carolyn Pearson's motion was made by Brian Garrison. Motion carried. (5-0)

Council Comments: Carolyn Pearson expressed her concern with the property on the corner of Main and Washington Street. Carolyn stated she had received several calls and agrees with the complaints made. A broken window, covered with plastic, could allow birds into the building is one of the issues. This building owner did not participate in the Façade Project. Jeff Watson offered his service to fix the window if entry to the property would be allowed by the owner. Mayor Evans stated he would contact the property owner.

Dale Seward asked for the status of the trash collection for residents of the Delmain Apartments. Mayor Evans reported he had sent a letter to the owner on the 21st of April and a follow up letter on the 1st of May. Ten days must be allowed from the date of the letter before a ticket could be issued. Mayor Evans has been in contact with the property manager and a request had been made to Advanced Disposal for pick-up. Brian Garrison inquired if there is an ordinance stating size per units.

Dale Seward asked for info on the Replogle property on N. High Street. Mayor Evans had sent one letter and also communicated with the owner and would reach out again. This is in reference to the run-down condition of a shed.

Carolyn Pearson wanted to know where the sign for the Community Center is now. Mark Mendel, guest, stated he had to have the correct info for the sign and then he will make the sign.

Carolyn Pearson expressed her interest in an elevator for the council room on the second floor. Carolyn stated she felt one could be installed in the present fire department. The previous bid was for installing an elevator in the kitchen area and after an inspection by Tecton, it was determined it was not possible to do so. Dale Seward stated he would like to see at least two quotes. Carolyn stated the elevator is more fiscally sound than renovating the fire department for a council room.
