

Delphi Parks Department Superintendents Report Parks Board Meeting March 27, 2012

- I have been working on the Walking Program and sign up is Saturday April 14th at 10:00am-1:00pm. I could use some help with sign up for a couple hours, starting at about 9:30 am.
- The Summer Recreation program will be June 4-22 from 9-11. Week one will be Fitness & Fun in Riley Park. Week 2 will be swimming at the Delphi Pool. Week 3 will be Tennis for 4 days at the High School and walking Trails on the 22nd.
- Trying to get another proposal for the Septic at Riley. Orville Brown -- came and called me with his estimate, did not put it in writing yet.
- The guys that do septic, most are doing Field tile and are swamped.
- Chuck Maxwell gave us a price of \$350.00 to cut down the other Walnut tree in City Park. (The Street Department said it was to big for them to handle)
- I have contacted Bob's Investigations about getting prices on 3 camera's set up, he came to Riley and we decided where would be the most effective positions. (He hasn't gotten back to me yet)
- Chuck and Cassie have been working at break neck speed because of the wonderful weather. In the past month they have:
 1. Helped the Street Department cut down one of the Walnut trees in City Park.
 2. Opened the Restrooms 3 weeks early
 3. Chuck learned to use the Street Department Stump Grinder and ground up 3 stumps.
 4. Painted the new doors on Annex restrooms
 5. Mowed over 25 hours already.
